About Me

Passionate and detail-oriented Web Developer with experience in creating responsive and user-friendly websites using HTML, CSS, and JavaScript. Skilled in transforming ideas into functional digital experiences with a strong focus on design, performance, and usability. Eager to continuously learn new technologies and contribute to innovative projects.

Experience

FiveM Developer (March – May 2026)

Developed and customized FiveM servers, including scripting, server configuration, gameplay features, and troubleshooting to enhance player experience.

Web Developing (January – Present)

Developed responsive websites using HTML, CSS, JavaScript, and PHP, with experience in backend development and creating user-friendly UI/UX designs.

Video Editor / Content Editor

Video Editing: Edited gameplay footage into engaging highlight clips using cuts, trims, and basic effects.

Web Transcription & Product Content Assistant

Transcribed and translated product information for website listings while ensuring accuracy and proper formatting.
